Experience

Frontend Developer Internship | Certificate   Jun 2022 - Current
Frontend Simplified

- Transformed a completely static HTML, CSS, JavaScript and React single page application into an interactive user interface using animations, transitions and carousels
- Processed API requests with Axios to dynamically represent data from a cloud server and represented it through skeleton loading states, pagination and dynamic routing
- Utilized Git version control and the GitHub interface to work and thrive in a virtual and collaborative team environment

Freelance Frontend Developer   May 2022 - Current
Self Employed

- Delivered 5 professional websites using HTML5, CSS3 (+ SCSS, BEM), JavaScript and React best practises
- Improved website performance by compressing, caching and lazy loading images and components
- Included SEO, responsive, multi-platform and hosting support, enabling their website to be used by any browser or device in the world

Frontend Developer Support   Sep 2021 - Current
Frontend Simplified

- Supported many students using HTML, CSS, Flexbox, JavaScript and React best practises
- Utilized debugging best practises using Google Chrome inspect element tooling
- Simplified difficult programming concepts including responsive website development, CSS layout, Promises and API requests

Projects

Personal Website | Website | GitHub
- Created a fully responsive e-portfolio with backend emailing functionality.

E Commerce App | Website | GitHub
- Developed a book store app with React.

Movie App | Website | GitHub
- Integrated IMDB's API to create a real-world search engine to filter movies.
